STAFF SPOTLIGHT

Honouring Late Elder Ms. Myrtle Vicky Young.

REMINDERS

- Review classroom rules and expectations with your students.
- Students who leave the classroom are required to have a hall pass. Students without hall passes will be sent back to class.
- Be mindful of our school cell phone policy. Staff shouldn't be on their phones unless on prep. or break. Remember that you are the role models for our students.
- Remember to walk your students to and from their specialty classes. Both the teacher and EA should accompany the class. EAs stay with the students during all specialty classes.

WEEKLY FOCUS

Classroom Management and UDL

Consider the following:

- How do you ensure you're meeting the diverse needs of your students?
- Are you considering strategies for differentiation in your lesson planning?
- What is currently happening in your classroom that you'd like to change?

"The number one problem in our schools is not discipline; it is the lack of procedures. . . . Effective teachers manage their classrooms with procedures and routines. Ineffective teachers manage their classrooms with threats and punishments."

Harry K. Wong (author of *The First Days of School*)
